

CURRICULUM VITAE

Jean Pierre has worked in London, New York, and LA for clients such as Vodafone, Toyota, and Subway. He is a consummate design professional with 7+ years experience, keenly aware of when to push and when to pull.

SELECTED PROJECTS

ADOBE

Programmed an innovative multitouch, multi-user collaborative drawing experience at the Tech Museum of Innovation in San Jose, CA. With an array of playful brushes to choose from, visitors swipe one or more fingers to make colorful swirls, lines, and other shapes. These creations are then broadcast to a shared screen, where they join the work of other visitors to create an evolving, time-based stream of collective art.

GOVERNMENT OF CANADA

Designed and programmed several interactive inter-cultural resources for staff working in Afghanistan, Sudan, Haiti, and China.

TOYOTA

Designed and developed a number of sites for toyota such as toyotaneverquit.com, toyotarates.com, and rav4washere.ca. The never quit site tracks the progress of the neverquit road crew throughout western Canada with event blogs, photo galleries, and "never quit" stories.

UNIVERSITY OF OTTAWA

Developed a flash site for their 2009 student recruitment campaign. The site incorporated cutting edge web technologies such as Facebook and shareThis.

SKILLS

- AIR, multitouch and rapid prototyping
- OOP, MVC, AS3, AS2, Papervision, Away3D
- Javascript, XML, PHP, HTML and CSS
